Local Business Expanding

Ely based Speech & Language Therapy Centre, Wordswell Ltd, has established such a good reputation that more and more parents are seeking its services for their children. This is a double edged sword for Managing Director Janet O'Keefe as it means that she needs more qualified Speech and Language Therapists to take on the extra work but is having trouble finding people who meet the high standards that her clients have come to expect.

There is a national shortage of practicing therapists and an increasing need for their services so Janet is hoping that the excellent training and supervision provided by Wordswell will attract anyone who is looking for more professional development or thinking of returning to the profession after a break.

Janet is ideally placed to offer superb training and support as she is personally much in demand for her work as an expert in preparing reports and appearing as an expert witness for Medico Legal cases in the High Court and was recently appointed to chair the Medico Legal special interest group of the Royal College of Speech and Language Therapy.

Anyone who is interested in more information should contact Janet or Murray on 01353 698156 or email janetokeefe@wordswell.co.uk.
